NOTE: Morgan Reynolds will guest host for Jim Fetzer during his visit to Buenos Aires this week to present lectures on JFK and 9/11

I was invited to Argentina to present a series of lectures on JFK and 9/11. I have also been interviewed by several more newspapers and on television. Telam is the official news service of the Republic of Argentina. It was a remarkable experience to have reporters actually report what I had to say. In this case, it included all 15 points from "Why Doubt 9/11?" I add on a link to a new German film suggesting that the US will soon be the only country in the world whose citizens do not know that 9/11 was an inside job!

## INTERNACIONALES

"Tememos que Bush organice un atentado para beneficiar a McCain"

Natalia Concina

James Fetzer, fundador de Scholars for 9/11 Truth (Científicos por la verdad del 11/9), acusó a la actual administración norteamericana de estar directamente involucrada en los ataques a las Torres Gemelas y al Pentágono. En diálogo con Télam, aseguró que se podría esperar un ?atentado similar para beneficiar al candidato republicano?, de cara a las próximas elecciones.
